

Winter Shelters: Keep your cats warm and dry!

It is important to have a dry safe place for you managed colony in the winter. See below for various options available to buy or make. You can go high end - or down and dirty - something is better than nothing!

To buy locally:

Pre-made fish boxes:

43" long x 16" wide x 17" high
Constructed from Styrofoam boxes
Sealed in black plastic and then with a clear plastic
Straw included
Drainage holes
We suggest placing them on something to drain, such as bricks or pieces of wood and not directly on the ground.
Accommodates 2 adult cats comfortably

Straw is our recommended insulation for feral cat winter shelters. It can be found at garden supply stores, horse barns and some craft stores. Be careful not to get hay, as hay contains moisture. You can purchase straw in "bales" which will be enough for at least a dozen shelters, so you may want to combine your purchase with friends.
